Dear Students,

We would appreciate and value your input on the strategic planning framework that reflects the community input and data collection that has taken place thus far. This is a critical time for you to share your input, before the goals of Strategic Plan 2023–28 take shape.

As such, we would like to invite you to a special Strategic Planning Input Session that will be held on **Tuesday, Mar. 28, from 1 to 2 pm via Zoom.**

We hope you will be able to participate in this important part of the strategic planning process. To RSVP, please click [here](#).
